ATDW Category: Event

# 1 Overview

Welcome to the new myATDW platform where you can create and manage your business' ATDW listing.

myATDW is a user friendly, time saving, online tool that allows you to review, update or add your own listing in the Australian Tourism Data Warehouse (ATDW). At renewal time you will also be able to pay online to renew your listing via credit card and BPAY (please note events are free to list). You can access your own myATDW listing at any time to ensure your listing displays the most current and accurate information. A new listing and any changes will go through a Quality Assurance process to ensure all content quality standards are met before the listing is released live.

This user guide will demonstrate what's involved in maintaining your listing's information (some of which are new sections added to myATDW) and highlight some of the key steps to create your **Event** listing using some great new features in the *Brochure View* (see Figure 1).

myATDW is supported by the following web browsers: Internet Explorer 8.0 or above, Firefox 3.5 or above, Safari 4.0 or above and Chrome 6.0 or above.

### 3 The Brochure View

For new members, it is recommended to use the Wizard to guide you through the steps of creating a listing to ensure you don't miss any important details.

**Please note:** A new listing can take approximately 20 minutes to complete. Please consider this when scheduling time to create your listing; otherwise you have the option of clicking 'save' and returning to your listing at a later time to complete.

This section won't go through each Step as most are self explanatory and you will find help text to guide you through it, although some Steps are explained further below (these aren't in order of the Wizard steps).

- **Name and Description (Step 1)**

The description must be a minimum of 50 and maximum of 150 words. The first sentence of the description is the most important as this is the text displayed with the Search Results from any ATDW record search. In saying that, you need to entice consumers to want to find out more about your event so that they click on the 'More Details' link on the website to view the full product listing. This sentence should be emotive, descriptive, contain your event name and target keywords so that the consumer wants to read more.

The second paragraph should include an event synopsis on what the consumer will enjoy about the event, who is likely to attend and anything else quirky worth mentioning. As this is the first Step in the Wizard and new operators may be unsure as to where to include other information, you can always save it and then click on the edit icon for the description at a later stage. There is a separate section for contact details and URL's so it is best not to state this in the description. If you have created your text in another document, or wish to use something off your website, you can simply copy and paste it into the text field.

Remember to keep the language simple and to the point!

- **Alternate Names (Step 2)**

Alternate names for the product can be entered here including Previous Name, Registered Business Name, Search Name, Parent Company, Previous Names and Trading Name (See Figure 6). Using the Alternate Names is a good way to deal with an event that is known or registered as another name.

▼ Alternate Names - Step 2 of 23

Please provide details of any other names your event is known or registered as. Select the relevant Name Type from the available options. If your product isn't known by any other name, please proceed to the next screen by clicking the 'Next' or 'Cancel'.

## • Event Frequency (Step 4)

How often your event occurs may be selected using the Frequency drop down which allows you to choose from the following: Annual, Biannual, Biennial, Daily, Fortnightly, Monthly, Once Only, Quarterly, Weekly.

If your event occurs more than once you should list each date it occurs using the '+ Add More' button above the Start Date (See Figure 7). If you know the individual dates of your event we advise that you list them one after the other e.g. if it takes place on the first Sunday of each Month your start date should be 05/02/2012 and end date 05/02/2012 and so on. However you also have the option of listing the start and end date of the whole event, although consumers may prefer to see individual event dates.

The Event Status drop down allows you to select whether the event has been confirmed or unconfirmed at this stage.

## • Event Types (Step 7)

Your event may be classified as **one** of the following types below (See Figure 8). This defines which category your event will be displayed in on various websites including [www.queenslandholidays.com.au](http://www.queenslandholidays.com.au).

Note: Classes, lessons and workshops may be classes or lessons for various hobbies such as arts/crafts, dance, music, painting, pottery, boat building and/or cooking.

Figure 8 Event Types

- **Comment (Step 9)**

The 'Comment' step is an opportunity to add other general information about your Event listing. We recommend you provide further information for consumers on How to Get There, Access Public Transport and Tariff Information to maximise your listing. You can list more Comment Types by selecting **Add More** and choosing from the drop down list (See Figure 9).

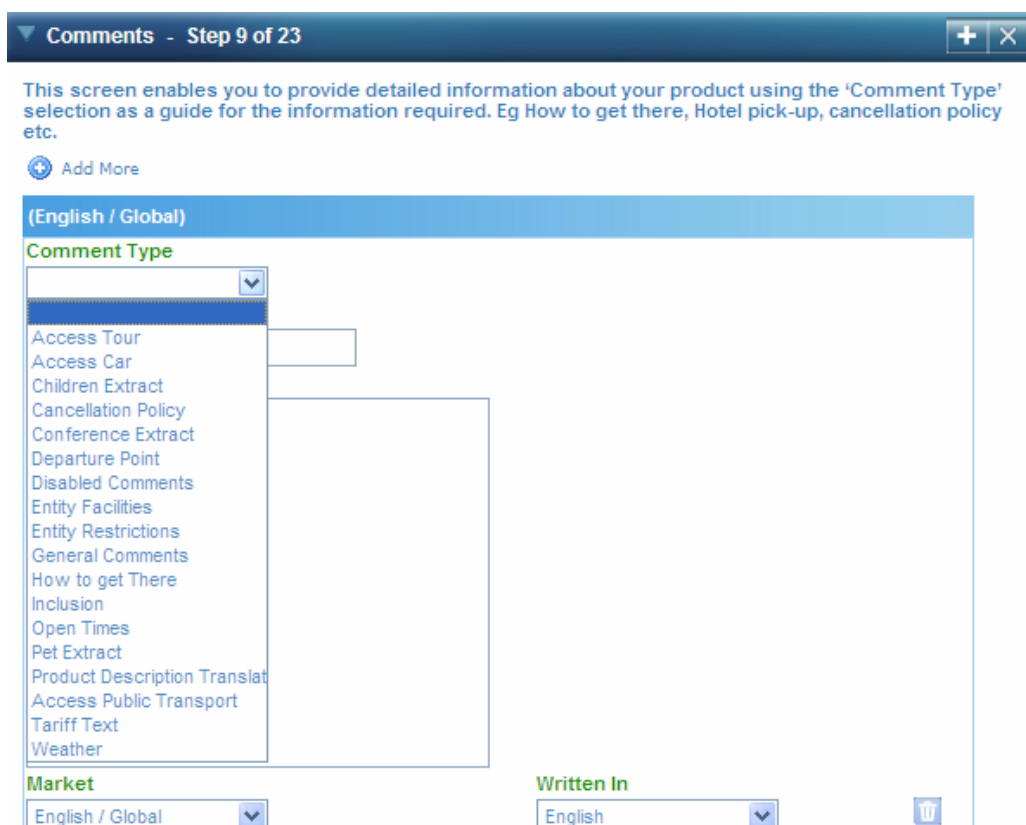

Figure 9 Additional Comments

- **Multimedia (Step 17)**

### Images

The next few steps take you through the image gallery for your product. By clicking **Next** the Wizard will take you to the next step to upload an image, however if you click **Proceed to next item** this will take you to the next main section in the wizard which you should select once you have finished uploading your photos.

For an event, you can upload up to **9 images** and 1 logo against your myATDW listing. However please note, [www.queenslandholidays.com.au](http://www.queenslandholidays.com.au) only display the first 4 images you upload. It is recommended you upload only **landscape** images as [www.queenslandholidays.com.au](http://www.queenslandholidays.com.au) can't display portrait images (for existing members who have portrait images uploaded, please note these won't appear on Queensland Holidays).

Images are resized automatically for you, however it is best for ease of uploading to ensure the image is less than a 1MB file.

To ensure your image is compliant, please refer to Figure 10 below for guidelines:

Multimedia Type	Requirement	Accepted File Types	Preferred	Maximum File Restrictions
Image	1 (max 9)	.jpg	<b>Landscape</b> (280 x 210)	1MB each
Logo	Optional	.jpg or .gif	<b>Landscape</b>	1MB

Figure 10 Multimedia Guidelines

As part of myATDW, we are now collecting data from YouTube, Twitter and Facebook which will increase the richness of data and quality of the end users' experience.

### YouTube

YouTube videos are optional. You can either copy and paste the individual YouTube URL (i.e. <http://www.youtube.com/watch?v=YpFKt8hvKkE>) or enter your YouTube user account (i.e. Queensland) and click '**Get Video**' which will take you to your YouTube channel where you can select a video to add to your listing. Select up to 4 videos to add to your listing.

### Social Media

Please provide your social networking URLs for your **business**. NOTE: Tourism business focused social networking accounts only. For example

- Facebook: <http://www.facebook.com/visitqueensland>
- Twitter: <http://twitter.com/queensland>

## • Event Location/Venues (Step 22)

This step will ask you for the Venue Name venue website, and the venue address which are all mandatory.

**Note:** you were asked to submit your physical address earlier on in the Wizard Step by Step process which is where you may like to put your business' address. Event location must be entered at this stage and placed on the map e.g. South bank Parklands.

## • Submit

The last step in the Wizard will ask you to '**Submit**' your new listing or any updates made. You have the option to enter details of changes made to your listing if you wanted to keep track of what has been updated.

## 4 Payment

After you submit your event using the wizard, or accept changes you have made, you will be prompted to the payment screen where an invoice for **\$0** will appear. Please note there is **NO cost to list an event** so please disregard the \$0 invoice as you are not required to make payment.
