

## Islands of the Great Barrier Reef Queensland, Australia

**Few natural wonders command such attention as the Great Barrier Reef, the world's greatest coral reef system. Those who see it never forget it. Here, after all, is a spectacle so vast that it can be seen from the moon.**

But it's not just what's beneath the surface but also what's above it - the Islands of the Great Barrier Reef. Some people merely see the Great Barrier Reef, others get to truly experience it. There are over 600 islands and 20 island resorts along the vast stretch of reef to complement your Great Barrier Reef experience: ecological, luxurious, natural, secluded. From these islands you can choose how you connect with the reef. You can dive into it, snorkel through it, sail it, fish it and feel it. You can swim with turtles or watch the whales play.
